- Experience**
- **BoxExchanger** (2023 - present) **Frontend Developer:** Drafted, implemented, and iteratively refined a modular component architecture for a scalable React/Next.js platform. Led integrations with payment gateways, crypto APIs. Worked closely with backend teams to connect with PostgreSQL data sources. Introduced Redux for predictable state management in complex user flows. Continuously improved performance for high-load environments and contributed to feature design, bug triaging, and developer experience enhancements.
  - **Payex24** (2022 - 2023) **Frontend Developer Intern:** Contributed to UI development using React and Redux, focusing on building responsive components and ensuring seamless data flow. Collaborated with backend engineers to integrate REST APIs backed by MongoDB. Participated in bug fixing, component testing, and performance optimization tasks under mentorship. Gained hands-on experience with state management, asynchronous flows, and frontend-backend integration.
- Education**
- **Ivan Franko National University of Lviv** Computer Science, 2021 - present. Completed core coursework in algorithms and data structures, computer architecture, operating systems, and software engineering. Developed strong programming skills with Python and applied theoretical knowledge in practical contexts. Participated in a social impact startup organized by SoftServe, contributing as a developer within a cross-functional team. Combined academic learning with hands-on experience in building real-world software solutions during studies.
  - **University of Applied Sciences (Hochschule Mittweida)** Applied Mathematics, May 2022. I took the exchange year in Germany and during studies I explore: Statistics and Data Analysis, Pattern Recognition and Artificial Intelligence.
- Activities**
- **SoftServe Student Ambassador at Ivan Franko National University of Lviv** (2021 - 2022) Led a team of 4 developers in organizing educational meetups and coding workshops. Coordinated with university faculty to assist in delivering technology-intensive class projects. Promoted SoftServe initiatives and helped organize both small- and large-scale educational events.
- Skills**
- **Programming:**
    - JavaScript (ES6+)
    - TypeScript
    - Python
  - **Frontend Technologies:**
    - React, Next.js, Redux
    - Vue, Nuxt.js, Vuex
    - HTML5, CSS3, Modern CSS (Styled Components, SASS/SCSS)
  - **Backend Technologies:**
    - Node.js, Express.js
    - MongoDB, PostgreSQL, Redis
    - REST APIs, WebSockets

- **Tools:**
  - Docker, Kubernetes
  - Webpack, Vite
  - AWS (EC2, S3, Lambda, etc.)
  - CI/CD (GitHub Actions, Jenkins, Travis CI)
- **Testing:**
  - Jest, Mocha, Cypress

Languages

- **English** C1
- **German** B1
- **Ukrainian** Native
- **Russian** Native
